Ryder,

Attached is a pdf of the Canyon Mine NESHAPs application.

We have reviewed it and have concluded that it may be posted on EPA's CDX website.

Please let me know if you have further questions or require any further information.

Dave

Hi David,

Just checking in to see if your VP has reviewed the Canyon Mine application for any CBI. We received a FOIA today requesting the disclosure of approval and permit documents for Canyon Mine. We are also looking to add your application and future applications to EPAs CDX (central database exchange) website.

Let me know where you are in your review process and if you have any questions!

Thanks,

Ryder

Subject: Canyon Mine Application

Hi David,

I was wondering if you would be able to provide an electronic copy of the Canyon Mine application. We have had some inquiries from the public about the mine and are potentially going to make the application publically available. If you have any concerns with making the document public, please let me know.

Thank you,

Ryder
